The **Pair/Team game** is an exciting event for players of all levels because players have **2 WAYS TO WIN!** The pair portion of the event is played as a regular match point game. In the team portion of the event, the players starting at your table will be your teammates. **Pairings for the team portion will be made by the computer.** Each pair will receive a score for the pair portion of the game and another score for the team portion. This is a win/win situation for players. Players receive the higher number of points earned. *For example, if in the pair game a pair earns 1.12 points but in the team game they earned 4.5 points, the pair will be awarded the 4.5 points!*
