

## CHAPTER IV - BOARD PROCEDURES

### G. REDISTRICTING

#### Redistricting (931-62)

The Board rescinds its previous action (Item 923-138, #10) to redistrict the ACBL to 19 Districts.

The Board recognizes the problems inherent in any plan to redistrict that changes traditional alignments of ACBL's various Units into administrative Districts for the purpose of promoting bridge. Therefore, changes in District alignments will be considered only at the request of a Unit(s) or District(s).

NOTE: Article II of ACBL Bylaws p. 3.

- C. At least once every five years the Board of Directors shall review the geographical districting to the ACBL.
