

REAL ESTATE  
COMMITTEE UPDATE

The Real Estate committee met and received information from Management with regard to a proposal made this week.

A person came to our office and verbally made some offers on the building. He was referred to our broker. The six month broker contract expired and has been renewed. It is the broker's responsibility to review offers and present them to the League. To present offers secured by a good faith deposit. At this time we are still a long way from discussing specifics with the full board. This is the only nibble that we have received since our last meeting.

Bruce Reeve, Chair
