

TOURNAMENT STATUS EVALUATION INFORMATION

1 Size of Gathering Limitations

Local area must allow gatherings of a sufficient size to allow the event to go forward.

Limitations are such that running a successful event is not possible.

Restrictions will allow an event but preregistration will be required to ensure restrictions are met.

Restrictions are such that there will not be an issue.

2 Travel Bans

Areas with mandatory quarantines will require extra consideration for staff and possibly players.

Mandatory quarantines where this will include a significant portion of players and/or staff.

Mandatory quarantines where this will include a smaller portion of players and/or staff.

No mandatory quarantines for anyone in country.

3 Positivity Rates

Regional/local reported active cases of COVID must be below 10% (ideally 5%) of the population. A range of 5%-10% will be determined by review of vaccination implementation numbers and new cases.

Positivity above 10%.

Positivity between 5% and 10%.

Positivity below 5%.

4 Club Activity

We will examine whether local club activity has safely resumed prior to holding a tournament in that area.

Under 25% of clubs have reopened and those that have are experiencing low attendance.

25% to 50% of clubs have reopened and have started to see attendance rise.

Above 50% of clubs have reopened and are seeing a significant return of players to the clubs.

TOURNAMENT EVALUATION SCORECARD

Fake Tournament, Fake City, FS
August 7th - 8th, 2021

American Contract
Bridge League

STATUS	100 DAYS	60 DAYS	30 DAYS	NOTES
Size of Gathering Limitations				Currently there is still a limitation in Fake State such that indoor gatherings of 50 or more people are not allowed.
Travel Bans				There are no current quarantine issues in Fake State.
Positivity Rates				Currently at 6.2% in Fake State. New cases have been declining and vaccination is estimated at 46% of the adult population.
Club Activity				This Sectional tournament has traditionally had ~250 tables drawing most players from Unit 123 and District 45. Currently less than 25% of clubs in both this Unit and District have reopened and none are experiencing significant table count.
