

Play Bridge Online!

At an age when video games are more popular than card games, ACBL Lifemaster, Fred Gitelman recognized the need for an online option for bridge play. **Bridge Base Online (BBO)** is the largest and busiest online bridge service in the world.

- Membership is free and requires no personal information.
- No download or installation is needed and it's compatible with Mac or Windows.
- Offers free beginner games online. Click on "Help Me Find a Game."
- ACBL sanctioned games are only \$1 and players win ACBL Masterpoints. There are no other fees.
- BBO offers pairs games, ACBL Individuals, and ACBL robot individuals.
- Pairs games are stratified and offer Masterpoints for section and overall performance.
- If you simply want to watch the action, BBO allows players to Kibitz (observe) at all tables.
- Bridge Base also has a Beginner/Intermediate Lounge where players can play with others at their skill level and receive free bridge instruction. This private lounge has a \$20 annual membership. www.bilbridge.com.
