

Are you planning to drive to Washington, D.C. for our Summer NABC, but don't want to pay the rates for daily parking at your hotel?

Many of our local players have offered to share their driveways and streets at no cost!!

- ♥ As a service to ***out-of-towners*** who choose to stay at the Marriott Wardman Park or another local hotel where parking may be difficult and/or expensive, many local players have offered their suburban residences as an “off-site” parking alternative.
- ♥ You will be required to sign a form, releasing the player who has offered street parking in front of her house or in her driveway, from any liability in the unlikely event any damage may occur to your car during such time as it is parked there—locals are offering space where they themselves and their house guests park their vehicles, but there are, of course, no guarantees.
- ♥ You will be required to get yourself back to your hotel from the site where you leave your car—walking directions to the closest metro or phone numbers for cabs/Uber will be provided at such time as your request is confirmed. If you plan to come and stay the week or more, even a cab ride to and from the hotel will result in considerable savings.
- ♥ If you are interested in pursuing this option, please contact Fred King at DCParking@districtsix.org and beginning in May, he will pair you with a local who has offered this “service”.

Other options include:

- ♥ Leave your car at long-term parking at any of the three local airports (Reagan National is closest). They all have numerous companies with rates starting as low as \$7.00 per day. Just Google the airport name and parking to see your options. From there you can take a cab, Uber, or public transportation from the airport. Contact Fred King if you have any questions.
- ♥ Some of the airport hotels offer parking at rates from \$10 to \$12 per day and can be reserved in advance for a small service fee. Look up “DC Airport Parking” online for more information and to find an arrangement that best suits your needs.
- ♥ Some other airport hotels will allow cars to be left on their lots for free if you spend at least one night at the hotel. These hotels cost between \$92.00 (Dulles) and \$160.00(Reagan National) per night. See www.buyreservations.com for more details.
