STaC Conditions of Contest **IMPORTANT**

Club Managers must pre-register at the ACBL website prior to conducting a STAC Game. The website will only accept the ACBL number of the club manager.

Only open games of 5.0 tables or more are eligible for participation in the main, open event **in the morning and afternoon session**. Open games of 4.5 tables or less will be put into a separate, STaC-rated open game, which will pay overall awards. Multiple games of 4.5 tables or less in the same session will be combined for higher overalls. In the evening session, small games will be combined with larger games.

Hand records have been provided for this STaC and must be used by all games that wish to participate in the STaC and award silver points.

All open pair games (minimum 2.5 tables), no matter how many tables, are scored as open championships with STaC rating (about 82% of sectional rating) and pay silver points.

Invitational games are scored as open championship games with one (1) restriction, awarding silver points at 80% of the points of an open STaC game. Invitational pair games in the same session will be combined for higher overall awards.

Masterpoint limited pair games are set up as championship events with the appropriate upper masterpoint limit and strata as determined by the club. Multiple games with the same upper limit will be combined for higher overalls. In such cases, lower strata may be changed by the ACBL director to allow combination with games from other clubs. All points will be silver.

All Swiss team events are set up as championship events and are stand-alone at each club. Strata for Swiss team events are set at the discretion of the club. Swiss Team events pay silver points.

If you have registered for a game but do not hold it, you MUST notify the ACBL STaC director immediately. Failure to do so will delay results for other clubs and potentially affect your participation in future STaCs.

All games must be reported to the ACBL STaC director within a maximum of 24 hours after the game ends. Reporting earlier will allow the results to be posted for everyone sooner, so please do not hold up reporting your results. **On the last day of the STaC, reporting is required within 12 hours of the end of the game.** Late reporting may jeopardize your game's participation in the STaC and lose the opportunity for your players to win silver points.

A. Types of Games Allowed

- 1. Stratified Open Pairs** — combined for overall awards (see masterpoint limits below).
- 2. Stratified Swiss Teams** — Swiss Team overall awards are based only on the entry at each individual site.
- 3. Novice, 99er, 199er or 299er Games** or any Intermediate Novice Game.
- 4. Invitational Games** – use same limits as for open pairs, will be combined for overall ranking .

B. Participating Club Rules

1. Any club within the area of participation noted above may hold a STAC game in lieu of its regularly scheduled club game. Additional games may be held, as noted above.
2. The ACBL General Convention Chart will be used. Conventions and systems not allowed by the General Convention Chart will not be allowed.
3. Invitational games will be scored and ranked as sectionally rated Championship events with 1 restriction.
4. Limited masterpoint games will be scored and ranked alone unless a like limited masterpoint game is held at one or more other STAC sites. In this case, these games will be scored together for overall rankings and masterpoint awards.
5. Non-playing directors are encouraged but not required for games with no more than one section of 17 tables or less. **Non-playing directors are required in games larger than 17 tables or with two or more sections. If the director has been involved in any way with duplicating the boards or making printouts that person may not play.**
6. If hand records are used you must download them from ACBL's web site.
7. Each club must report its results to the DIC, **within 24** hours from the end of the game (12 hours for the final session).

NOTE: PLEASE READ THIS: Club games not reported within the 24 hour time limit will be scored, ranked, and issued masterpoints as a sectionally rated side game and will not be included in the Overall Awards. Any game not reported within 12 hours of the final session will be returned to the club to be rescored as a club game.

A club must post a copy of the recap for inspection at the end of each session.

Reporting will be by e-mail attachment of the game file. Reporting procedures are as follows:

If you are using ACBLSCOR, copy your file to a disk or flash drive (stick) and email your results by paper clipping the file to your email to the director in charge.

Only send ACM, ACA, or ACE files.

No LZH , TXT. Or HTM files please.

Include your club number in the subject line

Please note this change:

The per table sanction fee is \$ 7.00. Please make out your checks and mail them to as directed below within 24 hours of the end of your last STaC game.

Checks should be made out to Unit 128 and mailed to:

General Conditions of Contest and Guidelines for
Sectional Tournaments at Clubs (STaCs)

Sectional Tournaments at Clubs (STaCs) provide bridge players with the opportunity to win Silver Points at their local clubs. All of the ACBL's rules, regulations, and procedures for running a Sectional tournament apply to the organization and management of a STaC. ACBL's current STaC guidelines and fees will apply.

Sponsoring organizations may, with ACBL approval only, amend these conditions for a specific event. Such amendments should appear in all printed tournament schedules and be posted prior to the start of event.

The Director in Charge shall make the final decision on any item in these conditions. Furthermore, the Director in Charge will resolve any issue not specifically covered.

SPONSORING UNIT

1. A STaC may be scheduled for up to seven consecutive days, but may include only one weekend - - however, Management may grant an exception to the weekend requirement for cause. A sanction application must be sent to the appropriate District Tournament Coordinator at least 12 months prior to the scheduled tournament date. The ACBL may sanction a STaC when it receives the sanction application with fewer than 12 months advance notice if there are no scheduling conflicts and the STaC can be advertised in "The Bulletin" calendar schedule at least one month prior.
2. While only Units may apply for a sanction to hold a STaC there is no objection to a Unit nominating a District or Districts to conduct the tournament. In District-wide STaCs all clubs within the District(s) must be offered the opportunity to participate. Participation is at the club level when sponsored by a District. If a Unit outside of the sponsoring District wants to participate, all clubs within that Unit must be invited to participate (The unit must receive approval from its district coordinator).
3. A sponsor may schedule morning, afternoon and/or evening sessions. For the purpose of determining in which session a club should participate use the standard club session designations. The local sponsor must designate the sessions to be scheduled. As an example: Morning games would be those starting prior to 12:00 local time, afternoon games start prior to 18:00 local time, and evening games 18:00 and later. Morning and afternoon games may not be combined as day games nor may afternoon and evening games be combined.
4. STaC sessions may be scheduled at any participating club for any session that the club has a regularly sanctioned game at that club. Additional games may be held at the option of the sanctioned club. However, when a scheduling conflict exists, preference shall be granted to the club that holds a regularly scheduled game (within a 25 mile radius) at the time in question. The STaC sponsor has the final decision.
5. **(NEW) Clubs that are sanctioned for invitational or masterpoint-limited games, or which regularly hold such games for particular sessions, can participate in the STaC, but they cannot change their game(s) for those sessions to be open. They can be run as they normally are, invitational or masterpoint-limited, and participate in the STaC as such. (Effective, January 1, 2016).**

General Conditions of Contest and Guidelines for
Sectional Tournaments at Clubs (StaCs)

6. Each Sponsor must develop a schedule of games and Conditions of Contest. This schedule and the CoC will be posted on ACBL's web site. Open and limited Stratified Pair and Swiss team events may be scheduled. All pair events are single-session events. Team games shall be stand-alone events at the site played.
7. All masterpoints awarded are silver and 82% sectionally rated. For any games that are combined from multiple clubs, masterpoint will be based solely on the number of tables in the combined games, with no credit for any other concurrent games. However, for Swiss Team events, which are never combined across clubs, or open events with only one club participating, the tables used to calculate awards for the open event will be the sum of those in the open and the concurrent limited event at that club, if one is held.
8. The use of hand records is encouraged but not required. For a STaC using hand records, all pair games are expected to use the hand records for full STaC participation.
9. Masterpoint levels and strat limits will be set by the STaC sponsor. The strat levels will be the same for all open pair games and for like limited pair games. Swiss team events are stratified at club option.
10. The sponsor is responsible for notifying all club managers to register for the upcoming STaC. An e-mail blast may be requested for those managers with an address on file. Snail mail notification will need to note that they must register online and submit results by e-mail to participate.
11. The organization receiving the sanction (sponsoring organization – ‘SO’) is responsible for the collection of any fees due from a participating ACBL sanctioned game. Each participating club is responsible for submitting all fees to the sponsoring organization in a timely manner. The ‘SO’ is also responsible for ensuring that all fees due the ACBL are remitted in a timely manner. Should a participating club owe a debt to a unit, district, conference or ACBL, the ‘SO’ may ask Management for assistance in collection as permitted by ACBL regulations.

PARTICIPATING CLUBS

1. Any club within the area of the participating Unit may hold a STaC game in lieu of its regularly scheduled club game. Additional games may be held, as noted above.
2. The ACBL General Convention Chart will be used unless the sponsor specifies and advertises otherwise.
3. A minimum section size of 10 pairs is needed to be included in the Championship session. Sections with fewer than 10 pairs may be reported, combined, and included as a separate STaC rated Championship event. This restriction may be modified or waived, prior to the start of the tournament, at sponsor option.
4. Invitational (not masterpoint limited) games will be scored and ranked as STaC rated Championship event with 1 restriction (80% STaC rating). Invitational clubs will use the same limits as the open event and will be combined for overall ranking.

2016

General Conditions of Contest and Guidelines for
Sectional Tournaments at Clubs (StaCs)

5. Limited masterpoint games will be scored and ranked alone unless a like limited masterpoint game is held at one or more other STaC sites. In this case, these games will be scored together for overall rankings and masterpoint awards.
6. Playing directors may not duplicate the boards by hand in games using hand records. The club director of such a game may play only with the consent, in advance, of the DIC of the STaC. However, duplication by machine does not disqualify a director from playing in a game in which they would otherwise be allowed to play.
7. Non-playing directors are encouraged but not required for games with no more than one section of 17 tables or fewer. Non-playing directors are required in games larger than 17 tables or with two or more sections.
8. In games of one section and 17.0 tables or less, a playing director and his/her partner (or teammates) are not eligible for overall awards but will receive session (or match win) awards at the local club. This restriction may be waived by the STaC sponsor for all games in the STaC (not on an individual club basis) to allow playing directors and partner to receive overall awards, but such waiver will only apply to single section games of 17.0 tables or less. (Games of two sections or more, or more than 17.0 tables, cannot have a playing director at all, and, if the director does play, the director and partner would not be eligible for masterpoints at all.) **To implement this rule, it is mandatory that each club list the name of the person directing each club's game when setting up the ACBLscore game information.**
9. Each club must report its results to the (DIC) within the designated time limit. The time limit is 24 hours from the end of its game unless the sponsor specifies an earlier time limit. In no case may this time limit be less than 12 hours from the end of the game. Club games not reported within the time limit will be scored, ranked, and issued masterpoints as a STaC rated side game if received prior to the final reporting period.
10. Reporting will be by e-mail attachment of the gamefile. At sponsor option, special reporting arrangements may be made for games with fewer than 17 tables. Reporting procedures will be posted with the sponsor's STaC Conditions of Contest.
11. The final reporting period for the STaC ends 12 hours after the last event ends. Later reports will be returned to the club, to be reported as a regularly scheduled club session.
12. The correction period at each club is the same as the reporting time limit. A club must post a copy of the recap for inspection at the end of each session.
13. The club manager must register for all sessions to be held using the registration process available on ACBL's web site at least two days prior to the start date of the STaC. Late registrations are at the discretion of the DIC.
14. The club must notify the STaC DIC of any scheduled session that is canceled within one hour of the start time for the session.
15. The STaC sponsor may require clubs to download hand record files from ACBL's web site.

2016

General Conditions of Contest and Guidelines for
Sectional Tournaments at Clubs (StaCs)

16. In order to be eligible for overall awards in a STaC, or any event that is scored across more than one club, the minimum number of boards played is set at 20.

Director-in-Charge

1. The DiC of a STaC must be an ACBL Tournament Director or higher rank.
2. The DiC of a STaC, and the sponsor, will develop reporting guidelines and specific conditions of contest to be posted on ACBL's web site at least six weeks prior to the start of the STaC..
3. The DIC of a STaC will label hand records when used.
4. The DiC will organize and provide results to participating clubs for each session after the deadline for reporting the game results.
5. The DiC will create reports at the end of the STaC as requested by the sponsor.
6. The DiC will provide standard Sectional tournament reports.
7. In addition to the expected functions of a DIC, the DIC may be asked to perform a variety of additional tasks. Typical tasks may include distribution of hand record printouts, pre-tournament advertising, or a post-tournament bulletin. The DIC and the sponsor will determine the time and fees for these tasks.
