Notes:

Saturday evening dinner is provided (free) by Unit 212 to Unit 212 members!

Registration requires an ACBL number so non-members will need to obtain a temporary membership that is available (free) from ACBL.

Our Unit and Club are keeping fees low (comparable to normal club games) to encourage all players to try the *tournament experience!* Warning – it can be addictive!

All games will be stratified so that newer players, who are ACBL members, have a dual opportunity that is unusual in any competitive sport. You get to play against more experienced competitors but are eligible for some masterpoints awarded for your performance against other newer players in your peer group.

This tournament is a Local Sectional with a Local Sectional qualified director so point awards are 80% silver and 20% black.

If you need a partner, or another pair for the team game, please let us know before the tournament and we will try to arrange it.
