19:57:10 From doug handler to Everyone:

including joe grill, see tom's comment...if a game can't start, bbo, acbl and our clubs ALL lose \$ and efficiency. for the person who developed th tool, they should be given (by bbo/acbl, both of which could benefit) some fixed fee and that's it. to have it be ongoing and proprietary is just gangsta/racketeering...
